

Administrative Procedure 306

STUDENT BOARDING ALLOWANCE**Background**

The Division may provide support to the parents of a student who must, with the approval of the Superintendent, be absent from his/her residence to participate in an educational program to which he/she has been directed by the Division.

Procedures

1. If a suitable educational program is not available near to the residence of a student, then the Division may provide an allowance on behalf of that student, if his/her attendance at such a program is directed by the Division/Superintendent.
2. An allowance may be received on behalf of each child registered in a program if more than one child from the same family resides away from his/her/their home to participate in such a program.
3. The Board will, from time to time, establish the amount of the allowance to be paid in accordance with the government funding available to support such allowances.
